WHAT WE ARE DOING

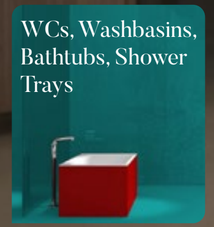

YOUR PUBLIC TOILET EXPERTS

Our supply range includes sanitary ware, washroom accessories, toilet partition systems, faucets, soap dispensers, porcelain tiles, engineering stone, WPC decking, residential wooden kitchens, wardrobes, and vanity counters. On a more modern scale, our product range includes touchless fixture systems and behind-the-wall water systems.

DESIGNED TO FUNCTION

SANITARY WARE & FITTINGS

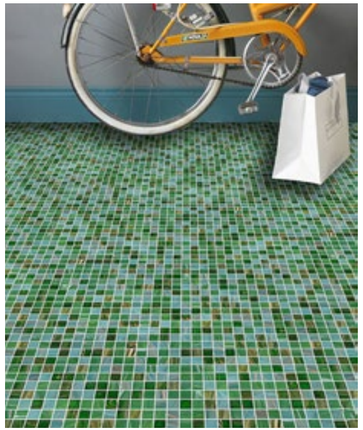

PORCELAIN & MOSAIC

Our porcelain and mosaic products are sourced from European and American markets, with natural variations for indoor and outdoor applications. The smooth surface with elegant gloss contrast ensures easy cleanability while guaranteeing anti-slip properties for public and private areas. This also meets the high technical requirements of international standards with higher functional requirements.

Our mosaic range is artistic; it delivers the joy of a space where color is the star vitality with a vitreous mosaic.

COMPOSITE DECKING

WPC DECKING

EXCELLENT FEATURES

NATURAL - LIFE - SAVE WORRY

What's the features of WPC decking floor?

WPC Deck is produced from Wood Plastic Composite (WPC) which is manufactured by an extrusion process using a mix of recycled plastic and hardwood with various bespoke additives.

WPC is an immensely versatile material which combines the tranditional appearance of timber with durability and resilience of an engineered composite.

- 100% recycled ,environmentally friendly
- Look and feel like real wood
- Anti-UV, anti-impact, anti-moisture and termites
- Service life time is 5-10 times longer than wood products
- Easy installation
- Offers a soft, splinter-free finish that's comfortable underfoot
- Waterproof, resistant to salt water corrosion
- Fade & stain resistant
- Will not warp rot or split
- Mold & mildew resistant
- High environmental adaptability, suitable for the wet places, ideal for marina.

For the extreme temperatures of the GCC, we have introduced an internationally graded product. This is specially designed for the outdoor environment and can withstand extreme heat, humidity, and corrosiveness.

WPC composite decking is strong durable and inexpensive, very low maintenance, and a superior alternative to timber decking, unlike wood decking, our range of sold WPC will last for years.

KITCHEN LIFESTYLE

We aim to build intelligent and functionally designed kitchen interiors as a complete package with innovative accessories, built-in sinks, and an extensive range of electrical appliances.

At Publika, we take extreme care of the following:

- Tailored Services
